MEMORANDUM FOR: Assistant for Administration

ATTENTION : Chief, Logistics Branch

SUBJECT : Security Classification for the Electronic X, Y  
Coordinate Plotter Contract

Procurement of a coordinate plotter in itself cannot indicate Agency interest in the photo reconnaissance field. However, in view of the fact that the plotter will be working directly on-line with the [REDACTED] computer and that the technical monitor will become openly associated with the plotter manufacturer as an Agency employee and hence restrict him from doing future work with the company on a more sensitive contract, it is recommended that the contract be negotiated on an SC-1 basis.
